If application is for listing, the trade name and type of pulp entered below will be submitted to the list of inspected pulps at **nordic-ecolabel.org/portals/paper** after being processed by Nordic Ecolabelling. Information on fees on: **nordic-ecolabel.org/portals/paper**.

	Trade name	**Type of pulp** (ECF, TCF, CTMP, TMP, DIP, Fluff, Other – please define)
No. 1		
No. 2		
No. 3		
No. 4		

Applicant's undertaking

We hereby apply for inspection of our pulp as raw material for Nordic Ecolabelled paper based products. The status of inspected pulp can be used in merchandising purposes towards paper mills.

If application is for listing, the inspected pulp will be listed at **nordic-ecolabel.org/portals/paper**. Trade name of the pulp, type and production site will appear on the lists. Confidential information is not disclosed. Other inspected pulps are listed in Nordic Ecolabelling's database and they are visible for paper applicants only.

Please observe that the inspection of pulp only indicates that Nordic Ecolabelling has checked that the information about the pulp is accurate and that the basic requirements set by Nordic Ecolabelling are complied with, e.g. chemical use, AOX, and fibre origin (Basic Module version 2 or later). Whether the paper production complies with the ecolabelling requirements is determined by the mixture of pulps used and the paper production data.

- We are well acquainted with the Fee Regulations for Nordic Ecolabelling and the Logo Guideline for the Nordic Ecolabel. If our application for inspection and listing is approved, we undertake to follow the regulations and the guidelines as well as other regulations of which the Nordic Ecolabelling organization may inform us.
- We are aware that this inspection does not give us the right to use the logotype Nordic Ecolabel, nor advertise our pulp as Nordic Ecolabelled.
- We approve that the trade name and type of pulp, and producer of the inspected pulp, are published in Nordic Ecolabelling's database for paper producers (My Swan Account MSA).
- If application regards listing of inspected pulp, we approve that the trade name, type and producer of the inspected pulp, are published at **nordic-ecolabel.org/portals/paper/**
- We agree to use Nordic Ecolabelling's electronic application tool My Swan Account (MSA) for application process (**https://account.svanen.nu**). By logging in to MSA we confirm our acceptance to the User Agreement.
- We confirm that the above pulp(s) are produced only at the stated mill/place of production.
- We confirm that the companies´ production fulfill the government regulations.
- We confirm that we know the contents of relevant module criteria for Nordic Ecolabelling paper products.
- We confirm the validity of the documentation that is specified in our application.
- We approve that Nordic Ecolabelling controls the requirements during the criteria validity time.

- We confirm that no changes of the production will be made that may jeopardize the fulfillment of the criteria without the permission from Nordic Ecolabelling.
- We confirm to immediately report any unexpected deviation which may affect the products ability to fulfill the ecolabelling requirements.
- We confirm to perform annual reporting in accordance with the criteria and submit this report to Nordic Ecolabelling.
- We confirm to pay a inspection fee per mill and/or an annual listing fee.
- We confirm to indemnify in full the ecolabelling organization in the event of claims or other financial expenses incurred by the ecolabelling organization as a result of damage caused by the product manufactured and/or sold by the producer of the inspected product, including faults and defects in the product itself.
